Mercantile Money Museum

Eric,

Bill Acres - 444-1099

has a customer who acquired
a John Adams Peace medal and
would like you to look at it
/ estimate value / authenticity.

Please call him

Tom

P.S. I looked it up as well as I could &
it seems these medals in silver are
very rare - but there are also 20th-cent plated
copies around

Mrs. Nancy Shirley
230 South Brentwood
St. Louis, MO 63105

January 28, 1991

Dear Mrs. Shirley:

We have studied the silver colored 3 inch diameter 1797 John Adams Peace Medal you left with us for examination.

As we pointed out to you in the literature these medals were not struck in the 3 inch size until 1904 and were not struck in the 2 inch diameter size until 1878. No John Adams peace medals were made during the administration of John Adams or near that time.

The literature mentions bronze 3 inch John Adams medals but does not mention silver ones. Such a bronze medal is in the Jefferson National Expansion Memorial collection in St. Louis.

We find your piece including its loop weighs 218.55 grams. It weighs 193.86 grams in water, making its specific gravity 8.85. This is approximately the specific gravity of bronze and not of silver. The specific gravity measurement indicates that the medal is silver plated. If a non-destructive test of the metal on the surface of the medal is made it could show pure silver, rather than .925 fine silver or less which would be used in a normal silver striking. If it is found to be pure silver, that would add further evidence to the conclusion that it was silver plated and not struck in silver.

The silver soldered loop overlaps itself and is not the customary loop for Indian Peace Medals given to the Indians.

We hope this information will be helpful to you. We are returning the medal herewith.

Very truly yours,

Eric P. Newman

$$\begin{array}{r} 218.55 \text{ grams in air} \\ 193.86 \text{ grams in water} \\ \hline 24.69 \end{array}$$

$$\begin{array}{r} 24.69 \quad \boxed{218.55} \quad 8.85 \text{ sp. gr.} \\ \hline 197.52 \\ \hline 21030 \\ \hline \cancel{22221} \\ \hline 1975? \\ \hline 12780 \\ \hline 12345 \end{array}$$

indicates
bronze interior

The silver soldered loop is ~~modern~~
overlapped and not ~~the~~ ^{the customary type used} on peace medals
given to Indians.

A test of the surface silver might be made
to see if it is pure rather than less than 925 fine.

RIVAL MANUFACTURING COMPANY AND SUBSIDIARIES
(A wholly-owned subsidiary of Rival Holdings, Inc.)

Notes to Consolidated Financial Statements

The Company's effective income tax expense (benefit) rate was 58.6% for the year ended June 1987 and (40.2)% for the period from April 16, 1986 to June 30, 1986. Reconciliation of the U. S. statutory rate and the effective rates is as follows:

	Year ended June 30, 1987		Period from April 16, 1986 to June 30, 1986	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Income tax expense (benefit) at statutory rate	\$ 2,252,000	46.0%	\$ (1,245,000)	(46.0)%
State and local income tax expense (benefit), net of federal income tax benefit (reduction)	62,000	1.3	(19,000)	(.7)
Amortization of goodwill	472,000	9.6	98,000	3.6
Amortization of purchase allocation differences for financial reporting and income tax purposes	20,000	.4	20,000	1.7
Other	62,000	1.3	57,000	1.2
	<u>\$ 2,868,000</u>	<u>58.6%</u>	<u>\$ (1,089,000)</u>	<u>(40.2)%</u>

(8) Pension and Retirement Plans

Accumulated pension plan benefits and plan net assets for the Company's pension and retirement plans as of December 30, 1986 (latest valuation date of the plans) is presented below:

	<u>Amount</u>
Actuarial present value of accumulated plan benefits:	
Vested	\$ 3,825,000
Nonvested	801,000
	<u>\$ 4,626,000</u>
Net assets available for plan benefits	<u>\$ 6,869,000</u>

The assumed rate of return used in determining the actuarial present value of accumulated plan benefits ranged from 7% to 7.5% for 1986.

During 1985, the Company made application with the Internal Revenue Service (IRS) and the Pension Benefit Guaranty Corporation (PBGC) for termination of one of its pension plans. Such termination resulted in an asset reversion of approximately \$412,000. A favorable determination letter has been received from the IRS and a notice of sufficiency has been received from the PBGC. In July 1986, the proceeds from this reversion of \$412,435 were received.

COMMITTEE ACTIVITIES

INDIAN PEACE MUSEUM - Edwynne Murphy, Buck Persons, Millard Backerman, and Tom Remington continue their work in making this museum become a reality. We have received this invaluable collection of medallions which were given by the United States government to various Indian Chiefs as peace offerings. They vary in size from three to six inches and are beautifully cast and engraved. Jerry Shober is working with HOK on the design of the museum.

MEMORIAL DRIVE MEDIAN PARK - Andrew Newman is involved with a program to develop a park above the depressed lanes of I-55/70 which presently separate the Arch grounds from the Old Courthouse. This park would soften the boundary between the Arch and the city and would enhance visitor enjoyment by diminishing the noise from interstate traffic.

ARCH ADDITION TO WORLD HERITAGE LIST - James H. Howe III continues working to have the Arch designated as a World Heritage site. In its most recent review, the World Heritage board said they felt the Arch was too new to be added at this time. A resubmission will be made at an appropriate time utilizing the help of our senators and representatives.

UNITED STATES POSTAGE STAMP - Senators Kit Bond and Jack Danforth are working on a plan to have a stamp issued honoring the Arch.

EAST ST. LOUIS ADDITION - Malcolm Martin and Bob Hyland are working with various authorities to expand the national park to the east side of the river. The national park service has now offered to accept the land, and congress has appropriated certain funds, but the land must first be guaranteed by the donors that no harmful wastes are present. As oil, coal, etc. have been present in the area in the past, there are major difficulties. It is hoped, however, that these obstacles can be overcome.
